Collection 2022

Dinamismi visivi, racchiusi in forme organiche, prendono vita attraverso un'alta lavorazione artigianale: i prodotti della collezione 2022, disegnati da Andrea Parisio, giocano con curve e volumi pieni, arrotondati. Pezzi d'arredo scultorei e monumentali, ma che non dimenticano mai l'aspetto di assoluta funzionalità e razionalità. Un'armonia di forme e ricchezza materica che, combinati tra loro, danno vita a un'identità riconoscibile e versatile, in grado di creare progetti assolutamente personali.

Visual dynamisms nestled into harmonious shapes come to life thanks to a refined artisan manufacture: the 2022 collection products designed by Andrea Parisio play with curves and full rounded volumes. René

Dinamismi visivi, racchiusi in forme organiche, prendono vita attraverso un’alta lavorazione artigianale: sono queste le linee espressive del nuovo divano René disegnato da Andrea Parisio per Meridiani. Dimora accogliente e confortevole, audace negli abbinamenti, è un progetto dalla grande flessibilità compositiva, sia nei moduli disponibili sia nell’ac-costamento dei materiali. Gli elementi, caratterizzati da sedute e schienali arrotondati, si completano tra di loro in un gioco senza soluzione di continuità per composizioni lineari e angolari. A dare ancora più eterogeneità al progetto i pouf semicircolari, trapezoidali, tondi o rettangolari che possono ospitare anche dei vassoi disponibili in diverse finiture, dal legno al laccato, con piano interno in vetro retroverniciato, marmo, cuoio, ottone bronzato o acciaio platinato. René rivela la personalità di chi lo sceglie, grazie a combinazioni e materiali che trasformano il prodotto in un progetto unico e totalmente personale.

POLTRONA . ARMCHAIR P. 34

Visual dynamics shaped into organic forms, coming to life thanks to high craftsmanship: these are the expressive lines of the new René sofa designed by Andrea Parisio for Meridiani. Cozy and comfortable, bold in its combinations, this project shows the greatest flexibility, both in terms of available units and combination of materials. The elements, with rounded seats and backs, complement each other in a game of free-standing or corner configurations. The semicircular, trapezoidal, round or rectangular ottomans that can also support trays available in different finishes, from wood to lacquers and with internal top in back-painted glass, marble, leather, bronzed brass or platinum steel, to convey even more heterogeneity to the project. René reveals the personality of those who choose it, thanks to modularities and materials able to transform this piece into a unique, totally personal project.

René

Derivazione diretta del divano René, anche la poltroncina è accogliente come un nido e si caratterizza per le forme organiche e arrotondate. Tra linee avvolgenti e proporzioni armoniose, che sia per una zona conversazione, per un'area living o la camera da letto, questa seduta esprime il suo charme anche grazie ai rivestimenti, da morbide pelli a tessuti di pregio, che ne esaltano le curve.

Directly deriving from René sofa, the small armchair is as welcoming as a nest, characterized by organic and rounded shapes as well. Featured by enveloping lines and harmonious proportions, whether for a conversation corner, a living area or a bedroom, this seat expresses its charm thanks to the upholstery - from soft leathers to the finest fabrics, which enhance its smooth curves.

Leon

Leon è una collezione di tavolini monolitici, realizzabili in lacca, o combinando base e sottopiano in lacca con il top in marmo. Nella versione in marmo, il dettaglio del taglio circolare che separa il piano dal sottopiano, diventa esso stesso elemento decorativo. La versione 2022 prevede piano e basamento in marmo in monofinitura per un effetto ancora più scultoreo.

Leon is a collection of monolithic low tables which can be realized totally in lacquer or with base and under top in lacquer and top in marble. In this latter version, the details of the circular cut which separates top and under top becomes itself a decorative element, creating a truly unique piece. The 2022 version features a single-finish marble top and base, to create an even more sculptural effect.

Italo

Solido nella sua morbidezza estetica, il tavolo Italo si presenta come un prodotto dalla personalità ben definita. Disponibile nei formati classici, tondo, quadrato e rettangolare, ma con gli angoli arrotondati, presenta linee sinuose con sezioni marcate dal temperamento scultoreo e monumentale, sia nel top sia nel basamento, a tre o quattro gambe. La declinazione in differenti proposte cromatiche delle lacche, lucide e opache, e dei marmi permette di dare vita ancora una volta ad oggetti unici.

Solid in its aesthetically smooth shapes, the Italo table presents itself as a product with a well-defined personality. Available in the usual formats - round, square and rectangular, but with rounded corners - it shows sinuous lines with sections marked by a sculptural and monumental character, both in the top and in the base, with three or four legs. The proposal of different color hues for the lacquers, glossy and opaque, and of the marbles allows to give life once again to unique objects.
